Dear Hiring Manager,

I am writing to express my interest in senior IT leadership opportunities where I can apply my 24+ years of experience in technology strategy, digital transformation, and enterprise program delivery. Throughout my career, I have successfully led cloud migrations, ERP transformations, cybersecurity initiatives, and multi-vendor programs that consistently delivered measurable business outcomes. At Saudi Business Machines (SBM) I led digital modernization programs across hybrid cloud platforms, achieving 99.9% SLA compliance and delivering \$3M in annual cost savings. I have a proven track record of building high-performing teams, driving operational resilience, and partnering with executive leadership to translate technology investments into competitive advantage. I welcome the opportunity to discuss how my background and approach can contribute to your organization's strategic objectives. Thank you for considering my application.

Sincerely,  
Sherif Abdelhamid
